

WHITEGLOVE HOUSE CALL HEALTH

“I’m a stay-at-home mom. I never seem to be able to make time to care for myself, and if I do, it throws my whole day off. I called WhiteGlove when I was sick on a Sunday and within two hours a doctor was at my door, examined me, gave me medications and a bag of everything I could possibly need like foods, beverages, and over-the-counter remedies. It was great and I didn’t have to leave home! What a fantastic service for all the busy moms out there.”

WhiteGlove Overview

OUR SERVICE

WhiteGlove is a new choice in medical care that offers high quality, affordable routine care at the home or work, 7 days a week, 8am to 8pm; an alternative to expensive emergency rooms and urgent care centers for routine care. A refreshing healthcare experience over the hours, hassles and inconveniences of running to the doctor, waiting, running to the pharmacy, waiting, running to the grocery store ...all before you or your child can begin to mend.

You will enjoy an unparalleled experience focused on you! For your in-network specialist co-pay, we will:

- Send healthcare professionals to your home or work to treat you.
- Deliver well-kits with foods, beverages, over-the-counter remedies, and more.
- Prescribe, order, and deliver your prescription medications. We include most of the generic medications that we prescribe on your visit for no extra charge.
- File health insurance claims for you.
- Provide secure web access to your medical records, lab results, medical expenses, treatment records, and more.
- Follow up with you about your visit, your progress, your lab results, and more.

GET-WELL CARE

When you aren't feeling well, we provide the kind of care you would typically see your primary care physician for. The list below is not intended to be comprehensive but an illustrative example of the kinds of care we provide.

- **Respiratory:** Bronchitis, Flu, Upper respiratory infections
- **Head, Ear, and Eye:** Sore/strep throat, Common cold, Sinus infection, Seasonal allergy, Earache, Swimmer's ear, Pink eye, Styes
- **Skin, Hair, and Nail:** Insect bites, Minor burns, Minor skin infections and rashes, Minor sunburn, Poison ivy/oak, Ringworm, Wart evaluation and removal, Head lice, Athlete's foot, Cold sores
- **Digestive and Urinary:** Nausea, Vomiting, Diarrhea, Urinary tract or Bladder infection
- **Other:** Mononucleosis, Ring removal, Suture removal

STAY-WELL CARE

On stay-well visits we perform wellness assessments, diagnostic tests, and other preventive care to help you avoid illness.

- **Basic and Premium Assessments:** Men's and women's health (18+), Men's and women's health (40+), Premium assessments are more comprehensive
- **Combined Panels/Exams:** Basic physical exam, Allergy testing, Vaccinations, Heart, Liver/Kidney, Diabetes, and more
- **Individual Tests:** Cholesterol, Glucose, C-Reactive protein, Homocysteine, VAP Cholesterol, Allergy, Liver/Kidney, Hepatitis, Testosterone, Thyroid, Complete Blood Count (CBC), Urinalysis, Prostate Specific Antigen (PSA), Hemoglobin A1C, and more (we administer more than 80 tests in the home and workplace)
