

Residency in Primary Care Optometry

Eye Institute of the Rosenberg School of Optometry

Rosenberg School of Optometry
9725 Datapoint Drive
San Antonio, TX 78229

Program Coordinator: Joseph Pizzimenti, O.D.

GENERAL INFORMATION

Program Mission

The mission of the Residency in Primary Care Optometry at the Rosenberg School of Optometry is to provide advanced clinical training in a context of faith and service for post-graduate optometrists with an emphasis on the management of patients with ocular disease as part of an multidisciplinary team, allowing residents upon completion of the program to pursue professional opportunities which require a high level of clinical expertise.

Program Goals

The goals of the program include the following:

- Strengthen the resident's clinical skills and to gain confidence in working with patients presenting with a variety of ocular disease conditions as part of an interdisciplinary team
- Develop the resident's optometric knowledge in clinical diagnosis and management.
- Provide the resident with experience in clinical and didactic teaching.
- Engage the resident in scholarly activities

Program Length	12 months (53 weeks)
Start Date	July 1
Positions	2
Compensation	\$33,600
Hours Per Week	40
Accreditation Status	Accredited
Application Deadline	January 30
ORMatch Matching Service	Yes

Program Description

The resident will provide optometric care to patients with a diverse range of conditions in the Eye Institute of the Rosenberg School of Optometry and its affiliated clinics, with an emphasis on developing skill and confidence in the management of ocular disease. The resident will also have the opportunity to see patients in the Contact Lens, Pediatrics, and Vision Therapy clinics. In addition, the resident shall have the opportunity to rotate through various external clinics in the San Antonio area that are affiliated

with the Rosenberg School of Optometry, including NuVision Advanced Vision Correction and the San Antonio Lighthouse for the Blind. The resident shall also have opportunities to participate in clinical research and a variety of didactic and seminar programs on topics related to clinical optometry.

Educational Opportunities

Direct supervised patient care experiences in primary care, low vision, contact lens, and pediatrics. Participation in seminars and journal clubs. The resident is encouraged to attend UIW RSO sponsored continuing education events and national optometric conferences. In addition, close interaction with clinical faculty in varied clinical settings provides the resident with enhanced clinical skills and knowledge base. Moreover, there is the opportunity for participation in optometric research, if the resident desires.

Eligibility Criteria

1. Candidates must earn the degree of Doctor of Optometry from a school or college of optometry accredited by the Accreditation Council on Optometric Education prior to the starting date of the residency.
2. Candidates must have passed the NBEO Part I and have taken Part II by the application deadline. The selected candidate must have passed Part II and be scheduled to sit for Part III.
3. Candidates must be eligible to be licensed as a therapeutic optometrist in the State of Texas.
4. Candidates must receive full unrestricted clinical privileges at the Eye Institute of the Rosenberg School of Optometry.

Certificate of Completion

A certificate of completion will be awarded to the resident upon satisfactory completion of residency requirements. The completion requirements of the program are:

- Completed publishable quality paper (research paper, literature review, case report)
- Deliver one presentation on an optometric topic
- Submission of all residency evaluation forms (activity logs, exit evaluations)
- The resident is qualified to see patients independently under the Rosenberg School of Optometry Resident Supervision policy
- Successful completion of NBEO Part 1, Part 2, and Part 3

RESIDENCY EXPERIENCE

Scholarly Activities

The resident is also required to write at least one paper of publishable quality by the end of the residency. Residents participate in journal club, grand rounds, and seminar programs. Opportunities to participate in research studies exist for those residents with an interest in clinical research.

Lecturing and Teaching

The resident is required to make one presentation on an optometric topic. This may take any of several possible forms, including a faculty seminar, continuing education lecture, guest lecture in an optometry course, or a paper or poster presentation at an academic meeting. The resident will also participate in

the education of optometry students in the clinical procedures laboratory and the primary care clinic of the School.

Clinical Privileges

Residents must apply for and be granted clinical privileges by the UIW Eye Institute to be able to participate in the residency program. Residents are required to be supervised as per the Rosenberg School of Optometry Resident Supervision Policy. The Residency Program Supervisor must evaluate and monitor the resident's level of training, which determines the resident's privileges.

Continuing Education

Residents are able to attend continuing education sponsored by the Rosenberg School of Optometry at no charge for credit hours. The resident is encouraged to attend at least one major national educational meeting during the year. A \$1000 travel stipend is available to the resident to help defray the cost of attending a national educational conference.

WORKSITE

The resident will typically work at the UIW Eye Institute and its affiliated clinics in the San Antonio area, including the Bowden Eye and Health Care Institute, San Antonio Lighthouse for the Blind, and the CommuniCare network of medical centers. The resident shall also rotate through various external specialty clinics over the course of the residency program, including an ophthalmology group paractice, laser vision correction center, and a contact lens practice.

Employment Benefits

The resident receives employment benefits through the University of the Incarnate Word. These include health insurance, professional liability insurance, paid vacation, paid holidays and paid sick leave. Residents receive 80 hours paid vacation leave and 40 hours paid sick leave per year. There are also 9 paid holidays annually. In addition, residents receive 5 days of professional leave and a \$1000 travel stipend to assist with attending a national optometric conference.
