## Welcome to the UIW IRB online application system

### New Users:

- Click on **"New User"**
- Fill in the applicable information (you can skip fields that aren't relevant to you), and agree to Terms and Conditions
- **Note: Password must be 8+ characters long, contain both upper and lowercase characters, and contain at least 1 number**
- Click **"Register"** and an activation email will be sent to the entered address
- Access email and click the activation link provided
- Return to the Log in page and click **"Log in"**

The screenshot shows the UIW Research Ethics Application login page. At the top is the UIW logo, featuring a red cardinal head and the letters 'UIW'. Below the logo is the text 'Research Ethics Application'. The main content area is a light gray box titled 'Log in'. It contains two input fields: 'Email Address' and 'Password'. Below the input fields are three buttons: a blue 'Log in' button, a green 'New User' button, and a blue 'Forgotten Password' link.

## Step 2 Create Project

From the Work Area page, click on the **“Create Project”** tile found under Actions on the left side of the page.

Part 3: Supporting Documents	<a href="#">Supporting Documents</a>
Signature(s) & Assurances	<a href="#">Signatures</a>

- Complete all the sections of the Application Form and Research Protocol as completely as possible.
- **Note:** the text fields only allow simple text entry, so try to avoid complex formatting. The tab button won't work for paragraph indentation – use the space bar or insert a line break in between each paragraph or section instead. Special characters, tables and figures cannot be entered. If you need to include tables or figures with your research protocol, they should be uploaded to the Documents section.

## Step 5 Collect Signatures

- Enter your login information to sign the application electronically.

The screenshot shows a dialog box titled "Sign Form" with a close button (X) in the top right corner. Below the title, it says "Please enter your login details in order to sign this form:". There are two input fields: "Username" and "Password". Below these fields is a yellow warning box that reads: "Warning! Once all the signatures are signed, the form will be automatically submitted." At the bottom right of the dialog box, there are two buttons: "Sign" (green) and "Close" (grey).

- **Student applicants:** Enter your Faculty Supervisor's email address to request his or her signature. If your Faculty Supervisor has never used the system before, he/she will have to create a New User account before you can send them a signature request. You might want to enter a message to inform them that you are requesting their signature for your IRB application – a little communication goes a long way!

The screenshot shows a dialog box titled "Request a signature" with a close button (X) in the top right corner. Below the title, it says "Enter the email address of the person you want to sign this form". There is an "Email Address" input field and a larger text area for "Enter a message (Optional, max 800 characters)". Below these fields is a yellow warning box that reads: "Warning! Once all the signatures are signed, the form will be automatically submitted." At the bottom right of the dialog box, there are two buttons: "Request" (blue) and "Close" (grey).

- **Do not sign the application or request your Faculty Supervisor's signature until it is complete.** After the application has been signed, it will be locked from further editing and automatically submitted.

## What Happens Next?

- You will receive a confirmation email:

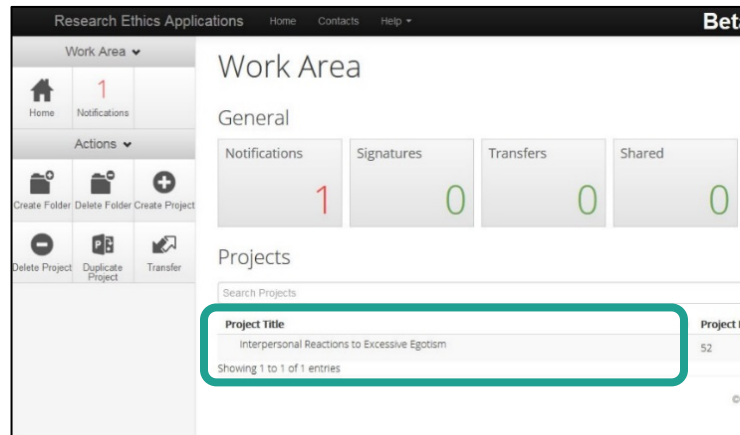

- Your application will be checked for completion. If additional information or documentation is needed, you will receive an email alert requesting additional information to complete the application:

- After your application has been validated as complete, it will be assigned for review by the IRB. After the review is completed, you may receive an email requesting revisions:

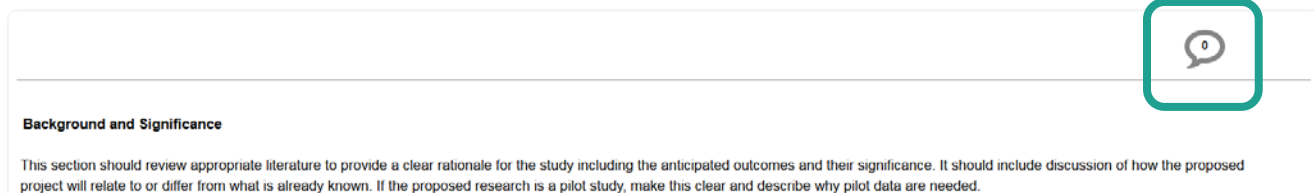

- To make changes to an application, either to complete or revise a submission, simply log back into your work area and click on the Project Title.

- Then click on the section you would like to revise and make the requested changes:

- Optional: You can leave additional comments for the reviewers by clicking on the word bubble above each section:

- You will need to re-sign the application and student applicants will also need to request their Faculty Supervisor's signature again.

- When your application has been approved, you will receive an email alert with an approval letter attached:

Action Items

Dear Ana,

The IRB has reviewed and approved your application, Test Expedited Application 5. Please read and save the attached approval letter.

Please remember that the life cycle of an IRB protocol includes the request for annual continuing review, should your project take greater than a year to complete, and required notification upon a project's completion.

Congratulations and best wishes for successful completion of your research. If you need any assistance, please contact the Office of Research Development.

Most sincerely,

Ana

- Your application and supporting documents will be saved in the online system. You can log in at any time to view or print your approved application documents.
- IRB approval is good for one year. Before a protocol's expiry, investigators must submit a request to continue or close the protocol. Submission is mandatory. Failure to inform the IRB of continued work or closure of a protocol will result in administrative closure. Courtesy notification of protocol expiry is sent 60, 30 and 14 days prior to expiration.
- Any change to the approved study (including research procedures, instruments, title, research sites, addition or removal of investigators, change of faculty supervisor, number of subjects, consent form, or recruitment materials) must be reported to the IRB before implementation using the Amendment Request form.
- To submit Continuing Review, Study Status Update, Amendment, and Closure Request forms, return to your approved IRB protocol within the online system and choose **"Create Sub-Form"** from your protocol's Action menu:
