Bachelor of Business Administration in **International Business**

H-E-B School of Business and Administration

PROGRAM OVERVIEW

The Bachelor of Business Administration (BBA) in International Business at the H-E-B School of Business and Administration is designed to provide a broad analysis of business opportunities abroad, as well as political climates, trade barriers, government incentives and trade practices.

Students enrolled in the BBA in International Business program, other than international students who attend UIW on a student visa, are required to participate in a short-term study abroad program for at least one week or a semester-long study abroad program. Students may study abroad as soon as their second semester in their sophomore year.

The BBA degree program offers a comprehensive and contemporary business education readying students to succeed in any number of fields. The business degree program also creates a strong foundation on which to develop field specializations. In addition to providing the technical skills necessary for a professional-level position, the ethical considerations of business are also emphasized. Rooted in the Mission of the University, the BBA degree program prepares students to be principled leaders.

PREREQUISITES AND COURSES

The requirements for admission to the BBA in International Business program are the same as the requirements for admission to the University of the Incarnate Word.
