Bachelor of Business Administration in **Management**

H-E-B School of Business and Administration

PROGRAM OVERVIEW

The Bachelor of Business Administration (BBA) in Management at the H-E-B School of Business and Administration prepares students for future career success in managing people, processes, projects and technology in both large and small businesses.

The BBA in Management program teaches students to think critically when analyzing business situations. Management students develop skills in leadership, communication and team building. A balance between theory and practice is provided by faculty who have a variety of both national and international business experiences.

The BBA degree program offers a comprehensive and contemporary business education readying students to succeed in any number of fields. The business degree program also creates a strong foundation on which to develop field specializations. In addition to providing the technical skills necessary for a professional-level position, the ethical considerations of business are also emphasized. Rooted in the Mission of the University, the BBA degree program prepares students to be principled leaders.
