

# KINESIOLOGY

Non-Certification Track

Ila Faye Miller School of Nursing & Health Professions

## Program Overview

The program of study leading to the Bachelor of Science in Kinesiology prepares students to teach physical education in several environments. Students can choose from three different tracks: The All-Level Certification track, the Non-Certification track, and the Personal Training track. The All-Level Certification track enables students to complete a teacher certification in Elementary and Secondary Physical Education. Details for the requirements for Teacher Certification are explained in the Education section of the Undergraduate Bulletin. The Non-Certification track is prescribed for individuals who want to work in the private sector, camps and fitness centers. The Personal Training track is designed for individuals who would like to work as a personal trainer.

## Professional School Opportunities

Graduate options include a Master's Degree in Kinesiology or related areas.

## Career Opportunities

Many school districts seek graduates from the University of the Incarnate Word. While most of our graduates stay in Texas, there is also the opportunity to teach in other states. For those wanting work in the private sector, the degree qualifies the individual for entry into the many different sports/recreation businesses.

As a Kinesiology major, students will be prepared to work in the following areas:

- K-12 Physical Education Teacher/Athletic Coach
- YMCA/YWCA
- Community Recreation
- Boys and Girls Club
- Sports Facilities
- Fitness and Health Clubs
