

**UNIVERSITY OF THE INCARNATE WORD  
TUITION AND FEE INFORMATION**

Updated: June 2019

**Auditing Courses**

Auditing is available for part-time & full-time students. Full-time students may audit one lecture course (3-4 hours) per semester (fall, spring, summer) at no cost. Students enrolled at part-time status pay 50% of regular tuition for lecture courses. Course fees & university fees associated with enrollment will be the responsibility of the student.

\*Full tuition is charged for limited enrollment, private instruction, studio courses & labs.

Audit courses follow the same registration deadlines/refund schedule as main campus undergraduate and graduate courses. Deadlines can be found in the Main Campus Schedule of Classes (See [Academic Calendar](#)) or from the respective program administrator (i.e., ADCaP or Virtual University).

Students can combine the total number of credit hours within a respective semester to determine their full-time status. Undergraduates on main campus are considered full-time with 12 or more credit hours; Graduate and Doctoral students on main campus are considered full-time status at 6 or more credit hours. Doctoral students are considered full-time at 3 or more hours when enrolled in dissertation writing. If the audited course is within banded tuition (12-18 credit hours), then **NO** additional discount will be applied.

**Students enrolled in the School of Professional Studies will be allowed to audit courses within that program. Audit discounts are not applicable to Virtual University courses.**

The deadline for changing course enrollment from graded to audit status is published in the [Academic Calendar](#).
