

Bachelor of Music in Music Therapy

College of Humanities, Arts and Social Sciences

PROGRAM OVERVIEW

The Bachelor of Music (B.M.) in Music Therapy at the College of Humanities, Arts and Social Sciences at the University of the Incarnate Word is a professional degree designed to train students in clinical applications of music, blending musical skills with specialized training in the areas of psychology and the behavioral and natural sciences. In order to graduate, degree candidates will demonstrate technical command of three instruments (voice, guitar, keyboard) sufficient to be able to communicate and improvise through music in various clinical settings. They will also successfully complete a Music Therapy internship and a capstone research project. For more information on this program, contact Dr. Janice Dvorkin at dvorkin@uiwtx.edu.

QUICK FACTS

- The University of the Incarnate Word Department of Music is accredited by the National Association of Schools of Music (NASM).
- The Music Therapy program is approved by the American Music Therapy Association.
- It prepares all majors to pass the Board Certification for Music Therapy. Therapists who pass the exam earn the designation of MT-BC (Board Certified Music Therapist).
- Music Therapy majors have presented at AMTA conferences and local seminars, and are encouraged to attend. They are also encouraged to help organize a music therapy seminar of UIW presenters to mark International Music Therapy Week.
- Affiliated internships are available to our students.

ADMISSION REQUIREMENTS

Admission to the B.M. in Music Therapy program is a twofold process: (1) admission to the University of the Incarnate Word and (2) admission, through audition, to the Department of Music.
