

Student Employment Opportunities

Student employment is a great opportunity to consider because you can earn money to help pay for college expenses and gain valuable work experience! We recommend visiting our [Work-Study page](#) for detailed information.

WHAT IS FEDERAL WORK-STUDY?

FWS provides part-time jobs for students to earn money to help pay education expenses. The program encourages community service work and work related to the student's course of study. A work-study award does not guarantee job placement; therefore, it is the student's responsibility to apply for a position.

Positions may be available in the departments such as:

- Accounting
- Science Lab
- Library
- Computer Lab/Help Desk
- Post Office
- Wellness Center

Earnings, based on hours worked, will be paid directly to the student bi-weekly unless they request a direct deposit into a bank account or automatic payment toward educational expenses, such as tuition and fees.
