2017 - 2018

DEAR INCARNATE WORD FAMILY

Since beginning my tenure as the University of the Incarnate Word's 10th president, I've come to cherish so much about our dynamic community. Chief among them is that whether at our campuses in San Antonio or abroad, whether a current student or alumnus, or whether a parent or friend, we are all united in Mission. Together, we form an exceptional community of faith and learning. We may be many parts, but we are One Word.

In this annual report, you'll read more about what has made UIW so exceptional throughout the year – including the opening of the School of Osteopathic Medicine, the graduation of more than 2,600 students across degree levels, the development of new strategic priorities designed to strengthen UIW as a leader in transformational education, and the start of postseason eligibility as a Division I athletic program, just to name a few points of Cardinal pride.

While it has been a remarkable year at UIW full of new changes and important advancements, some things remain constant. This

year, as in our earliest years, we remain guided by the legacy of the Sisters of Charity of the Incarnate Word, unwavering in our commitment to our Mission and devoted to instilling our core values of education, truth, faith, service and innovation in every student across every campus who entrusts us to guide them on their higher education journey. That trust is precious, and it is at the heart of each endeavor we undertake.

Such ventures are made possible because of your commitment and support. Each gift given to us is of immeasurable worth. In supporting scholarships, improving resources or providing high-value student experiences, you make a lasting impact on the lives of our students and the lives of everyone they will serve after graduation. They are the Word in the world. Thank you for your partnership in helping our students achieve their dreams and prepare for a successful life of greater purpose.

Praised be the Incarnate Word!

2018

THE WORD VISION

IT WAS A YEAR OF NEW BEGINNINGS FOR THE UNIVERSITY OF THE INCARNATE WORD.

A new School of Osteopathic Medicine, Student Engagement Center, honors, accomplishments and education opportunities made the 2017-2018 year an exciting one. It was also a time of new vision as UIW welcomed new president Dr. Thomas M. Evans. Throughout the year, Evans shared insights with the UIW community. Consistently seeking community thoughts and feedback, he formulated a strategic vision statement and priorities to work toward its achievement.

The 2017-2018 year also provided an opportunity for reflection and a careful evaluation of strengths and areas for growth. To do just that, a Campus Planning Task Force was established and six study groups were created to examine academic infrastructure, business operations and services, campus experience, health professions, standards and processes, and safety and traffic. The Task Force is charged with maximizing effective and efficient use of resources with the goal of guaranteeing a positive living and learning environment for everyone who calls UIW home.

At the heart of each endeavor are UIW students. By supporting each through graduation, UIW will help them prepare for a life of learning, purpose and dignity grounded in UIW's core tenets of faith, service, innovation, truth and education. And, for Evans, it's a venture the UIW community will undertake together. "We will lift the University of the Incarnate Word and allow it to become a beacon shining for the world to see all of life's possibilities and promise of the abundance that awaits," he said. »

A PRESIDENTIAL INAUGURATION

Evans' inauguration was marked by a series of events, which reflected the values that set UIW apart. A **community picnic** brought students, staff and faculty together in friendship. Faculty from across UIW's disciplines gathered for an **academic colloquium** to discuss their shared experiences and discover new ways to work together. A **day of service** saw the UIW community put the Mission into action through good works across San Antonio. On inauguration day, a **Eucharistic Celebration** presided over by the Most Reverend Gustavo García-Siller, M.Sp.S., Archbishop of San Antonio, began the ceremonies in praise and gratitude in the Chapel of the Incarnate Word. From the chapel, faculty processed to the McDermott Center where students, friends, CCVI Sisters, university presidents and special guests gathered for the **presidential installation**. Speakers commemorated UIW's beginnings and the long journey to becoming the dynamic, impactful institution it is today. In his inaugural address, Evans shared that while UIW may be many parts, it is but one body, one word, united in Mission, service and values. »

SISTER SCHOOL LOCATIONS AROUND THE WORLD

A GLOBAL EDUCATION

To be the Word in the world requires a global understanding and an opportunity for international education. At UIW, students are encouraged to take part in high-value student experiences like mission trips and study abroad. The University helps make these enriching experiences possible through an extensive network of partner universities, called Sister Schools, and European Study Centers in Heidelberg, Germany and Strasbourg, France, where students may spend a semester living and studying. Sister schools are located on six continents. This year, the International Affairs Office established a new Sister School relationship with the University of Cairo, marking the first opportunity to study in Egypt. »

SUPPORTING THOSE WHO SERVE

To provide education opportunities to servicemembers and veterans is an honor and responsibility that UIW takes to heart. In the Spring, UIW was named among the 2018 Top Military-Friendly Online Colleges, earning a No. 9 ranking. It also was listed among the 2018 Top Yellow Ribbon Online Schools, which recognizes institutions that support an unlimited number of students and offer unlimited financial contributions from the Yellow Ribbon Program tuition matching program through the U.S. Department of Veterans Affairs.

A HISPANIC-SERVING INSTITUTION

With a diverse student body, faculty and administrative staff, UIW has a proud tradition as a Hispanic-serving institution. Since 2013, the University has annually awarded bachelor's degrees to more Hispanic students than any other non-profit institution of higher education in the country. Today, 51 percent of UIW students are of Hispanic/Latino heritage. What's more, UIW stands among the Texas universities awarding the highest percentage of professional degrees in the health sciences to Hispanic students. All told, UIW is the top private, non-profit university conferring degrees to Hispanic students. »

THE WORD

IMPACT

EVEN BEFORE THEY BEGIN FIRST-YEAR CLASSES, UIW STUDENTS HAVE ALREADY BEGUN TO MAKE AN IMPACT.

By choosing a university founded on the principles of service and faith, they join a special community, tens of thousands of members strong, who work to make their lives and the lives of others better every day.

UIW has what President Evans once called an inescapable origin story. That story began more than 130 years ago when three young Sisters arrived in Texas to heal the sick and eventually extended their care to address emerging areas of need. From those origins, the University has built a **legacy of acting on faith and courage** and of pioneering in search of and in service to a higher good.

That legacy lives on in every member of the UIW community who embraces that spirit. Faculty educate students through transformational learning, ensuring that lessons learned in the classroom or through acts of service last long after graduation day. Alumni carry the torch forward and friends, and benefactors make it all possible.

Inspired by a culture of compassion, informed by a global perspective and enlightened by their education, students are prepared to become forward-thinking leaders and compassionate professionals. They are ready to become the Word in the world. »

In the 2017-2018 academic year, 38,393 people were served or impacted by ECCLS sponsored programs. »

ALWAYS ALUMNI

Incarnate Word alumni share a special bond. Whether a graduate of Incarnate Word College or the University of the Incarnate Word, each has earned an education formed in the Mission and guided by the charism of the Sisters.

“All of the Sisters of Charity of the Incarnate Word have prayed for you ever since the moment you stepped on our campus, and we will pray for you for the rest of your life,” said Sr. Teresa Maya CCVI, speaker at UIW's Spring 2018 commencement. “You are a part of our Incarnate Word family, and with that diploma you will be blessed with our prayer, no matter what comes next. ... There will always be someone praying for you to have a blessed and extraordinary life.”

The lives of the **40,000 UIW alumni** are extraordinary because they work to bless others and continue the legacy begun so many years ago. »

UIW STUDENTS ARE CHANGEMAKERS. That's why we so value the generous gifts given to us by our benefactors who help empower them to embrace their potential to improve the world. It's also why we count so many students and employees among our dedicated donors. Through initiatives like the **Employee Campaign** and **UIW Philanthropy Ambassadors**, these community members invest in students' success and in the future impact they will make on South Texas and the world.

Our students' boundless capacity for good is another key reason why we have embraced our critical endeavor of doubling the endowment over the next 10 years. To begin the work, UIW received \$1 million from the Impetus Foundation to establish the **Carlos and Malú Alvarez Endowed Student Scholarship**. The generous gift from Mr. and Mrs. Alvarez marks the largest endowed scholarship in University history. It will provide high-performing students the resources and support to access valuable experiences such as study abroad, internships and more.

Friends and donors have also helped elevate specific programs and fields of study. Physician and philanthropist Dr. Eduardo Caballero and Mrs. Irene Caballero supported the **School of Osteopathic Medicine** in hopes future physicians will provide much-needed care to the South Texas region. Today, a medical school building is named for him.

Through her estate, former nurse and nursing educator, Col. Laura Alvarado, USAF, NC (Ret.), generously established an endowment for the **Sr. Charles Marie Frank Nursing Lecture** and a faculty award for nursing excellence that bears her name.

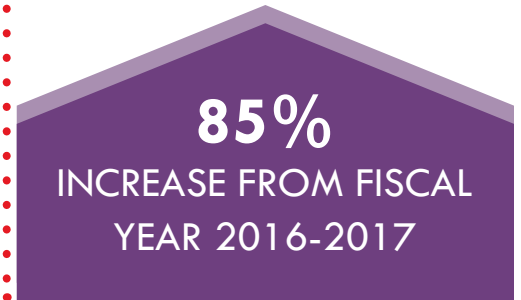

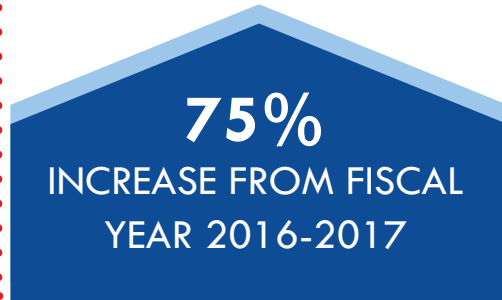

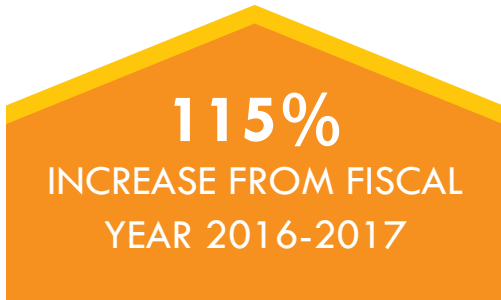

Dr. A. David Mangelsdorff established an endowment in support of the **Center for Veterans Affairs** at UIW in 2018 through a Charitable Remainder Unitrust. This is the second time Dr. Mangelsdorff has positively impacted the University through his generosity. His first gift established an **Endowed Professorship of Homeland Security** in the H-E-B School of Business Administration. »

A GIFT OF FAITH

For friend and benefactor, Dr. Robert E. Kelso Lt. Col. (Ret.) '12 art, faith and philanthropy are intertwined. Kelso and his late wife Dr. Betty Stieren Kelso traveled the world collecting beautiful works of art for their private collection, and in 2015, some select pieces found a new home at UIW. The opening of the Kelso Art Center brought icons, paintings, Santos and other religious works from different countries and art periods to the Kelso Gallery, which houses the University's permanent

collection. This year, Kelso continued to support the work he and Betty worked so lovingly to establish by donating a new piece to their name-sake gallery. Of Mexican origin, the 19th century sculpture features a dark-haired Madonna with an elaborately adorned gown holding a smiling Christ child. While a beautiful addition to the gallery, the piece also furthers the Kelsos' desire to make such works accessible to students and, as Betty said in 2015, provide "food for the soul."

THE WORD INCARNATE

A SINGULAR MISSION.
A COMMUNITY ENDEAVOR.

There's been much to celebrate over the past year at the University of the Incarnate Word. Each new development and every point of growth ultimately better serves the University's Mission, which is grounded in the charism of the Sisters of Charity of the Incarnate Word. To advance in this endeavor requires the work of many hands and the commitment of many hearts, but we place the beneficiaries of our collective efforts at the center of all we do knowing each student goes on to live the **Word in the world.**

“When I think of our students, I think of the word Incarnate and of a God who loves us and who loves the students entrusted to our care and service.”

Dr. Thomas M. Evans

THANK YOU.

*With your gift, we can help ensure
bright skies for students of the
University of the Incarnate Word.*
