

Master of Health Administration

H-E-B School of Business and Administration

PROGRAM OVERVIEW

The Master of Health Administration (MHA) at the University of the Incarnate Word is a 21-month, 48-credit hour program designed for those seeking early career positions within the healthcare industry. It is ideal for those currently in the workforce as the courses are offered exclusively in the evenings, two nights per week.

Students can choose to pursue their MHA degree in the traditional face-to-face class setting (residential) or in our hybrid/online setting (all classes held live virtually with only three required in-person events throughout the program). Our MHA program is distinguished by our small class sizes that provide maximum professor-student interaction and mentoring opportunities. Both the residential and online options matriculate only a small cohort of approximately 25 students each year who begin their program in the fall semester. The MHA degree curriculum is value-based, competency-driven and experientially focused and develops students' ethical, theoretical and professional skill sets, positioning them well for entry- to mid-level positions within the healthcare field.

QUICK FACTS

- Evening courses
- 21-month graduate program
- 8-week, mini-semester format
- Traditional or hybrid program options
 - In-person classes held on Tuesdays and Thursdays
 - Online classes held Mondays and Wednesdays
- Nationally accredited by the Commission on Accreditation of Healthcare Management Education (CAHME) and designated as a CAHME Mentorship Circle member program.

ADMISSION REQUIREMENTS

Applications are accepted starting September 1 until seats are filled for matriculation in the fall. The program only takes incoming students for a fall semester starting each year. Interested applicants should apply early as only 25 students for each modality (residential and hybrid) are matriculated each year.

The minimum cumulative GPA for unconditional admission is 2.8; the minimum GPA for conditional admission is 2.5. Official transcripts from all undergraduate and graduate work must be submitted along with one letter of recommendation and a statement of purpose, indicating why the applicant wants to pursue an MHA degree and why at UIW.
