

## Freelance Editors

This list of professional editors is provided for informational purposes only and neither implies an endorsement of any editor nor a promise or guarantee of quality of any editor's work. The use of editorial services is entirely at the student's discretion.

**Recommended:** Prepare a detailed scope of work *before* you contact an editor. Editors must know number of pages or words, how quickly you need the document back from them, and the kind of editing work you need them to do.

Always supply an editor with the latest version of the UIW style guide stating the formatting requirements for your discipline.

**Website:** If you are unsuccessful in contacting any of these listed editors or editorial services, browse to this address and look for an editor: [https://editfast.com/english/editors/United\\_States-USA/Texas/San\\_Antonio-city.htm](https://editfast.com/english/editors/United_States-USA/Texas/San_Antonio-city.htm)
