

COME AS YOU ARE:

SCHOLARSHIP & IDEAS INCUBATOR

TUESDAY, APRIL 21

6:00–9:00 PM

LIBRARY – SPECIAL COLLECTIONS ROOM

YOU'RE INVITED

We invite you to join us in supporting and engaging with our students as they explore, share, and expand their scholarly journeys together.

WHAT IS IT?

Come As You Are: Scholarship & Ideas Incubator is a dynamic, student-led, three-hour experience taking place on April 21 as part of the 19th UIW Excellence Summit. We invite participants to “come as they are”, bringing forward works in progress, emerging ideas, and evolving research and projects to share in an open, collaborative, and engaging environment.

Blending the spirit of Scholarship and an “Ideas Incubator,” this experience is designed to cultivate a culture of shared learning through the exchange of ideas, creativity, and interdisciplinary dialogue. More than finished projects, we value the willingness to share, to be in progress, and to learn in community. Participants are invited to present their work in accessible formats, opening space for meaningful feedback, reflection, and connection across fields.

We warmly invite faculty to also share their works in progress or even recently completed work that is part of a longer scholarly journey.

WHY ATTEND?

Enjoy an inviting space to share works in progress, emerging ideas, and evolving projects. Blending the spirit of Scholarship and an “Ideas Incubator,” this experience is designed to cultivate a culture of shared learning through the exchange of ideas, creativity, and interdisciplinary dialogue. More than finished projects, we value the willingness to share, to be in progress, and to learn in community. Participants are invited to present their work in accessible formats, opening space for meaningful feedback, reflection, and connection across fields.

COMMUNITY CONNECTION

To help us connect in both ideas and as people, the event will also feature a community potluck, creating a warm, welcoming space where we can share our research, our curiosity, and a little of ourselves.
