

The Honors Social Justice Committee Presents:

The Visionary Social Club

Student Organization Collaboration

UIW COMMUNITY CONVOCATION

ARTISTS' CELEBRATION OF DIVERSITY

March 1st - SEC 2030 - 9am-3pm

This event will create socially conscious conversations, celebrate the diversity of our city through music, and create a call to action in light of the challenges of our local and global communities. Leaders from several student organizations have come together as the "Visionary Social Club" to collaboratively plan the Community Convocation. They hope to work together to empower and inspire female-led communities, People of Color, People with Special Needs, LGBTQ+ People & Communities, Environmentalists, and Artists. The event will include:

- multiple artistic activities that celebrate intersectionality,
- a meaningful seminar that opens hearts for compassion and action,
- a wonderful celebration of live music and performances, and
- networking among the organizations and persons that attend.

Guest Speaker
Dr. Valeria Watkins

Dr. Valeria earned her PhD in Transpersonal Psychology with an emphasis in Spirituality. Her areas of specialization include Addictions, Co-dependency, Family Systems, Motivational Interviewing Skills, and Neurofeedback. Her success has been in assisting the alcoholic/addict and co-dependent family members to understand addiction, recognize the tools and techniques needed for positive change and utilize the healing power within themselves to achieve the results they desire. Dr. Watkins was recently at Berea College, in Kentucky, working with staff and students using conflict resolution techniques and assisting students with academic success.
